**Subject:** Natural condition documents we discussed  
**Attachments:** Temperature TMDLs final to PMT2 .docx

Matt--

Attached are two documents. Call if you have questions or need more information--Melissa

- 1- A paper we took to our management team on how to address Natural Conditions in TMDLs given the lawsuit in Oregon--i.e. how to avoid that same situation in WA.
- 2- A form that we are starting to ask TMDL modelers to use if they think they are getting into a situation where there might be a need to make a natural condition determination and criteria change in rule
